## YOUR CAP CAN HELP US SAVE A LIFE!

Two years ago, over 22,000 Americans made baby caps for Save the Children to send to newborns in Bangladesh, Malawi and Vietnam. Mollie, an eighth grader from Minnesota, represented these knitters when she traveled to Bangladesh to give caps to mothers and babies.

Westport, CT—Save the Children's *Survive to 5* campaign is once again teaming up with Warm Up America to launch the *Knit One, Save One* initiative.

Starting September 12, 2008 at the Portland Knit and Crochet Show, Save the Children's *Knit One, Save One* initiative is asking knitters and crocheters to take action on behalf of the 4 million children who die within the first month of life from preventable or treatable causes in the developing world.

With this initiative, Save the Children will be able to provide newborns with a handmade cap. When combined with a package of simple health measures including antibiotics to fight infections, immunizations, education on breastfeeding and basic newborn care, 50 percent of all newborn deaths can be averted.

Save the Children's *Knit One, Save One* initiative is asking knitters and crocheters to follow 3 simple steps; 1) knit or crochet one cap; 2) write a letter to the President-Elect asking the US Government to provide more funds for child health programs; and 3) if possible, donate \$10 towards a "Better Beginning for Babies" kit to help parents better care for newborns.

"In 2006, nearly 25,000 knitters and crocheters participated. We hope to increase that number to 50,000 Americans who will let Washington know this is an issue we care about," Mary Beth Powers, the Campaign Chief of *Survive to 5* explained.

"We are asking knitters and crocheters to host gatherings to knit or crochet a baby cap for Save the Children's newborn health programs," says Mary Colucci, Warm Up America! Executive Director. For people who want to learn how to knit or crochet a cap, there are details at the Warm Up America web site.

Save the Children's goal is to deliver caps and kits to new mothers in Nepal, Ethiopia, Nicaragua and Mali so their babies will have the best chance possible for a healthy start.

To participate, go to [www.savethechildren.org/knitonesaveone](http://www.savethechildren.org/knitonesaveone), download the Knit Kit and follow the progress of the campaign online. Or call 1-800-728-3843 so that Save the Children can send you and your friends some kits to use. Contact Warm Up America Foundation—[www.WarmUpAmerica.org](http://www.WarmUpAmerica.org) or (212) 570-9883—for more information on knitting and crochet and how to find a group near you.

by Kaffe Fassett (Taunton Press, \$24.95) October 7, 2008

The first living artist to have a one-man show at London's Victoria and Albert Museum, Kaffe Fassett has become synonymous with color when it comes to quilting. *Country Garden Quilts* adds to his repertoire of gorgeous quilting books, presenting 20 new quilts based on his signature line

of Rowan fabrics. Featured designers include Liza Prior-Lucy, Pauline Smith, Robert Horton, and others. Photographed in the gardens of England's Great Dixter House, *Country Garden Quilts* is a feast for the eyes with the fabulous floral themes and trademark Fassett colors. Complete instructions for each quilt are complemented by tips and techniques direct from the master himself.

## AMY BUTLER'S LITTLE STITCHES FOR LITTLE ONES: 20 KEEPSAKE SEWING PROJECTS FOR BABY AND MORE

by Amy Butler (Chronicle Books, \$24.95) October 7, 2008

Amy Butler needs virtually no introduction; the popularity of her fabrics, fashions, patterns, and stationery items spans continents. In her newest book, she's created a charming collection of 20 contemporary patterns for babies. Whether it's Bed Bugs, Cutie Booties, or a Cheeky Monkey Laundry Bag, you'll want to start stitching right away. Butler has designed an array of handcrafted projects including toys, bedding, bags, clothing, bibs, even memory albums. *Little Stitches for Little Ones* is truly planned for sewers with separate pattern sheets in an inside cover folder, spiral binding that lets the book lie flat, and pages of techniques, tips, and resources.

### HEIRLOOM EMBROIDERY: INSPIRED DESIGNER PROJECTS WITH BEAUTIFUL STITCHING TECHNIQUES

by Jan Constantine (Lark Books, \$24.95) September 2008

Let Jan Constantine rekindle or spark your interest in hand embroidery with these exquisite projects reminiscent of times gone by. The Constantine Collection is recognized throughout England for its line of hand-embroidered textiles and gifts. Now in her book debut, Constantine shows both beginning and experienced embroiders how to stitch similar textiles. Each stitch technique is clearly explained so that even beginners can be successful as they stitch an apron, cushion, lavender pillow, or sachet. Design themes include hearts, botanicals, the seaside, and celebrations.

# Follow the thread

Artist Devorah Sperber uses colorful spools of thread to form pixilated renditions of iconic imagery.

**Devorah Sperber** is a New York-based artist whose sculptures, composed of thousands of ordinary objects, negotiate a terrain between low and high tech. Her labor-intensive works explore repetition and the effects of digital technology on perception, scale, and subjective reality.

—Patricia Phillips, Executive Editor, *Art Journal*

She has been called a “conceptual sculptor,” “installation artist” and a “deconstructionist of familiar imagery,” but Devorah Sperber thinks of herself, more broadly, as a visual artist.

Raised and educated in Denver, Colorado, with a Bachelor of Arts from Regis University in 1987, Devorah moved to New York City in 1991, and now divides her time between two homes and respective studios: Elizabeth Foundation for the Arts (subsidized studio spaces for artists where she has worked since 2001) and the Large Works Studio in Woodstock, New York.

The “thousands of ordinary objects” mentioned above include colored faceted beads, chenille stems (aka, pipe cleaners), Moore map tacks and Letraset marker caps. But thread spools are by far her favorite medium and, with partial funding from Coats & Clark ([www.coatsandclark.com](http://www.coatsandclark.com)), Devorah has the perfect source for creating her “paintings.”

Writer and editor Kitty Cox interviews the artist:

**Q:** What influences your ideas and how do you choose your medium?

**A:** In most cases, my idea inspires the medium. For instance, taking an iconic portrait painted by an old master and recreating it with lowly thread spools offers an element of surprise. The criteria for selecting a medium are three-fold: It must be a beautiful and interesting object in its own right; it must come in a range of colors; and it must be widely available, so I try to source from the U. S.

**Q:** You’ve been quoted as having a “continuing interest in the links between art and science...how the brain makes sense of the visual world.” How does that relate to your thread-spool renditions?

**A:** My interest in the biology of vision grew from my desire to understand how viewers experience my work. For example, using ordinary spools of thread, I create pixilated images of masterpieces, which appear as colorful abstractions to the naked eye. The works are hung upside down in reference to the fact that the lens of the eye projects an inverted image of the world onto the retina, which is corrected by the brain. A clear acrylic sphere, positioned in front of each work, functions like the human eye and brain, not only inverting but also focusing the image so that it appears as a sharp, faithful, upright reproduction of the painting. This shift in perception functions as a dramatic mechanism to present the idea that there is no one truth or reality, emphasizing subjective reality versus an absolute truth.

**Q:** Do you use computer technology to create your iconic portraits such as Leonardo da Vinci’s “After the Mona Lisa 2, 2005?”

*“After the Mona Lisa 2, 2005” is constructed from 5,184 thread spools. Photograph by Aaron Deetz*

Devorah Sperber installing "Star Trek: TNG Bridge, 2007-2008," constructed from 5,822 thread spools. Photograph by Jennifer May

**A:** My process begins by rendering 50 or more quick digital sketches, which are initially derived from digital photographs. In this phase, I like to keep my mind free from attachment to any particular image. Eventually an idea begins to emerge. If I am unaware of the nature of my interest in an idea or subject matter, I conduct extensive research to make conscious the unconscious so I can determine whether or not an idea is worth pursuing.

For example, while researching the Mona Lisa, I stumbled upon a scientific explanation about the nature of her enigmatic smile. Margaret Livingstone, a neurobiologist from Harvard, determined that her smile is so illusive because it is best seen with the low spatial frequencies of peripheral vision where one sees less detail, which is caused by the edges of the Mona Lisa's mouth being blurry in the original painting. In my rendition, the smile can be viewed with central vision, because the curve of the sphere causes her mouth to curl up dramatically, adding humor to this iconic masterpiece.

I selected Coats & Clark 200 series thread spools as a medium because of their inherent beauty, the fact that they are available in 302 colors, are about the same dimension in height and width as digital pixels and that I don't have to modify them, since the hole for hanging already exists.

**Q:** The six-page resumé on your Website ([www.devorahsperber.com](http://www.devorahsperber.com)) is impressive—and expansive! How do you accomplish site-specific commissions, lecturing, curating, and exhibitions, in addition to creating prolific art works?

**A:** I'm a very driven person from a family of very energetic people. I like to operate out of my comfort zone, but I struggle to find a balance between art and life.

My artistic process is highly compartmentalized and requires hours of planning and preparation. In the beginning stages, I prefer to work alone in the studio. Once assembly begins, I consider it delayed gratification for the hours spent thinking, researching, planning, problem solving, designing, building and

preparing. Life doesn't get more simple than declaring 'I will complete X number of rows today' and having the wherewithal to do it. But with so many exhibitions scheduled, I have had as many as five assistants working with me in the studio, which I imagine feels a little like a giant sewing circle.

**Q:** What do you like to do in your "spare" time?

**A:** I have finally found something that interests me as much as my art! After my husband and I adopted our Australian terrier, Jake, a year ago, I started dog agility training in order to bond. You and your dog are a team—jumping over stiles, going through tunnels and tires, etc. We take classes for an hour a week when in Woodstock and try to practice every day. It takes my mind off my work and we both love it. (Search for Jake "The Swagman" videos on [www.youtube.com](http://www.youtube.com))

# Favorite Things

Felted snowmen, reindeer and Christmas trees;  
tiny knitted hats, mittens and scarves—adorable  
embellishments convey best holiday wishes.

## FIGURINES, ORNAMENTS, BOX EMBELLISHMENTS

### MATERIALS FOR ALL DESIGNS

- Wool roving in beige, pumpkin, red, light blue, lime and light brown
- Felting needle
- Mat for needle felting or rectangle of styrofoam, 8"x6"x1½"/21 x15x4cm
- Cookie cutters used in samples: reindeer, 2¼"x2"/5.5x5cm; bear, 1½"x1¾"/4x4.5cm; pinetree 3¼"x3¾"/8x9.5 cm; snowmen, ¾"x1½"/2x4cm and 1½"x2¾"/4x7cm; stars, ½"/1.5cm and 1"/3cm; moon, 1"x1½"/2.5x3.5cm; bird, 2½"x1¾"/6.5x4.5cm; or any desired small cookie cutters.
- Clear grey rocailles, 2.2 mm
- Hobby paint in creme, yellow and light blue
- Checked ribbon in yellow and light blue, 5mm wide
- Light green ribbon, 40mm wide
- Embroidery floss in red, light blue, and brown
- Sewing thread, double stick tape, scissor, brush, thin sewing needle

### MATERIALS FOR BOXES

- Cardboard boxes in desired sizes
- Waterproof white marker

### MATERIALS FOR ORNAMENTS

- 1 gold metal bell, ½"/15mm; large-eye embroidery needle

### MATERIALS FOR FIGURINES

- 4 wood blocks, ½"/14 mm thick, 2"x½"/5x4cm
- Miscellaneous: mini-craft broom; 3½"/9 cm; thin nail; flower wire, 1 mm; wire cutter; all purpose glue

### NEEDLE FELTING AND GENERAL INSTRUCTIONS

Place cookie cutter on mat. Cut several strands of roving (see photos for color suggestions) to same length as cookie cutter and lay out roving within the cutter (see photo above), being sure to fill out the edges. Poke (tack) the felting needle evenly over the roving. This helps to mesh the wool together to form a firm felt. Remove the cookie cutter; remove the felted shape from the mat and

Make felted decorations the easy way with cookie cutters and a felting needle—no laundering required. Stand these little holiday icons up on decorated blocks to create festive figurines for a winter scene.

**ORNAMENTS** A tiny bell dangles from a bluebird ornament. Every passing breeze will make this royal bird sing. Use bits of ribbon and tiny beads to add the finishing touches.

turn it over; place the cookie cutter around the felt shape again and tack the piece evenly with the needle. Keep tacking the shape on one side and then the other until the felted piece holds its shape. Little by little, tack less deeply into the felted piece, so that the wool doesn't go down into the mat. When the felted piece holds its shape, remove it from the cookie cutter and tack the needle around the outside edge until it is firm.

**Smaller shapes** Felt roving as before, making the snowman's felt hat with brown roving in the moon cookie cutter; the bird's crown with yellow roving in half of

the star cutter; the snowman's carrot nose with orange roving and the teddy bear's hat with red roving in one point of the star cutter. Work 2 additional "tail" shapes with the bird cookie cutter for wings. To join the small pieces to the main shapes, either use the felting needle to felt them in place, or join them with a small drop of glue or a tiny stitch.

#### FINISHING

**Bird Ornament** Finish both back and front of bird shape with a wing and a bead eye as shown. Using embroidery needle, insert one end of a 3"/8cm length of rib-

## GIFT BOXES

Good things come in small, well-decorated packages. Paint cardboard gift boxes any color you like, then adorn them with festive little felted shapes.

bon through bottom of bird, slide on a bell, and knot ribbon ends together. Use an 8"/20cm length of embroidery floss to make a hanging loop.

**Gift Boxes** For the teddy bear, felt a small piece of beige wool for the hat trim and felt it into the edge of the hat. Make a tiny pompon for the hat. Embroider the nose and mouth with brown floss or wool. For the reindeer, sew on a short length of matching embroidery floss for tail, tie a knot, and trim ends as shown. Sew on rocaille beads for eyes. Paint one box top beige and the other blue, or as desired. Let dry. With felt-tip pen, draw "straight stitches" around the box top edges as shown. Using double-stick tape, adhere motifs to box tops.

**Pompon and snowballs** Form a piece of roving into a ball a little bigger than desired finished size. Use a second needle to hold ball to mat while felting. Place

snowballs on trees and pompon to teddy bear's hat. With felting needle, carefully poke through smaller piece and main piece to join the two.

**Figurines Shown on page 15.** Paint one wood block with yellow paint and let dry. Wind remaining blocks with a 4½"/10.5 cm length of wider ribbon; tape ribbon ends together on bottom of block. Use lengths of narrow ribbon for scarves. Glue mini-broom to larger snowman. To stiffen each figure, cut a length of wire to match length of felted motif plus ½"/1.25cm, slide wire through each figurine from bottom to top, with excess wire extending from bottom. With the thin nail, poke a little hole in the wood block; glue the wire end into it.

**Moon and Stars** Use the moon and star motifs to decorate the table, gifts or cards, or as desired.

## GENERAL MATERIALS FOR ALL CARDS

### NOTES

Art paper (also called drawing, pastel, or charcoal paper) is used for all projects. Many brands are available in art supply stores. Use card stock (approx. 140-lb) for cards; light-weight paper (approx. 80-lb) for paper embellishments and linings. Refer to photos for all embellishments.

**For all projects** Ruler, scissors, pencil, glue-stick to adhere paper, hot-glue gun to adhere knitted items to paper

## CROSS-STITCHED PILLOWS

### FINISHED DIMENSIONS

16"/40cm square; cross-stitched motif is 45 stitches by 45 stitches

### MATERIALS

**For Pillow A** 72"/183cm-wide 20-count cross-stitch fabric; ½ yd/.45m red, ⅜ yd/.3m white; 1 skein of Madeira Mouliné embroidery floss in #0511 red; 12"/30cm zipper; four ¾"/2cm white buttons; hand-sewing needle and matching threads; sewing machine; scissors; pins; embroidery needle; 1¼ yds/1.2m 4mm white linen cord; 16"/40cm pillow form.

**For Pillow B** 72"/183cm-wide 20-count cross-stitch fabric; ½ yd/.45m red, ⅜ yd/.3m white; 1 skein of Madeira Mouliné embroidery floss in #2402 white; 12"/30cm zipper; hand-sewing needle and matching threads; sewing machine; scissors; pins; embroidery needle; 16"/40cm pillow form.

### PILLOWS

**1** For pillow A, cut one 16½"x33"/42x84cm piece from red fabric, and one 11½"/29cm square from white fabric.

For pillow B, cut one 17"/43cm square and one 11"/28cm square from red fabric, and four 4"x18¼"/10x46cm strips from white fabric. Cut each short end of each strip at a 45-degree angle, so one of the long sides is shorter than the other. Sew machine zigzag stitches along all cut fabric edges.

**2** For A, fold the white square in quarters; finger-press to mark folds. Starting at center and working with 3 strands of red floss, cross-stitch the snowflake in the square.

For B, fold the smaller red square in quarters; finger-press to mark folds. Starting at center and working with 3 strands of white floss, cross-stitch the snowflake in the square.

**3** For A, make mitered corners on the embroidered square as follows: turn under

⅜"/1 cm, then ⅜"/1cm again, on each side; press. Open out corners; baste along seam lines (see "Mitering Corners" on page 72). With right sides facing, pin together at corners, forming miters; stitch along marked lines and trim away excess fabric. Turn corners to wrong side; stitch along fold to hem edges. Cut four 12"/30cm of cord; fold each in half and wrap with thread about 1"/2.5cm from fold. Sew wrapped area at each corner of embroidered square. Knot cord ends.

**4** To finish A, fold 16½"x33"/42x84 cm red fabric in half crosswise, with right sides facing and raw edges even. Sew edge opposite fold in ¾"/2 cm seam, leaving a 12"/30 cm opening in center. Baste this open section closed. Press seam open. Center and

pin zipper under basted section; sew ⅜"/1 cm from seam on each side to attach zipper. Remove basting stitches; open zipper partway. Pin and sew remaining sides of the red fabric in ½"/1 cm seams. Turn right side out. Sew buttons near front corners. Slip the cord loops on the embroidered square over the buttons to attach it to the pillow.

**5** To finish B, pin the white strips to the sides of the embroidered square, with right sides facing and raw edges even. Sew edges in ½"/1 cm seams, stopping ½"/1 cm from each corner. At corners, pin short edges of strips together; sew in ½"/1 cm seams. Press strips away from embroidered squares; press corner seams open to complete the pillow front. Pin the pillow front to the remaining red square, with right sides facing and raw edges even, along one edge. Sew this edge in ½"/1 cm seam, leaving a 12"/30 cm opening in center. Baste this open section closed. Press seam open. Center and pin zipper under basted section; sew ⅜"/1 cm from seam on each side to attach zipper. Remove basting stitches; open zipper partway. Pin and sew remaining sides of the pillow in ½"/1 cm seams. Turn right side out.

**6** For each pillow, turn cover right side out; insert pillow form and close zipper.

**RED AND WHITE** In nature no two snowflakes are alike, but here the identical snowflake is worked red-on-white on one pillow; white-on-red on the other.

## LOVE THAT STITCH

All six pillows are stitched in Danish flower thread with long-arm cross stitch on Zweigart "Lugana" fabric. The stitch is worked in horizontal and vertical blocks. See Sources on page 74 for fabric and thread suppliers.

(continued from page 22)

## DIRECTIONS

Refer to table on page 23 for pillow front and backing sizes. Cut out fabrics. Set backing aside. Bind edge of fabric front with white artist's tape. Use two strands of Danish Flower Thread in embroidery needle. Do not make knots. To begin and end a strand, make two or three small stitches on wrong side of work. Work over two threads in each direction. See charts on page 25 for color placement and direction of stitching. Each square on charts is 12 by 12 stitches over 24 by 24 threads. Working in long-arm cross stitch, begin in upper left corner of chart, 2"/5cm in from edges.

**Long-arm cross stitch** For both horizontal and vertical stitches, work first row from left to right (figs. 1, 2 and 3) and next row from right to left (figs. 4, 5 and 6). Alternate rows to complete square. In fig. 1 (left illustration), begin with a cross stitch, then return to bottom of same stitch. In fig. 1 (right illustration), skip two threads towards right. In fig. 2 (left illustration), return to first cross stitch, then skip two threads towards right (right illustration). Figure 3 shows five completed stitches and needle ready to work next row. Figures 4, 5 and 6 show stitching from right to left.

## FINISHING

Trim pillow front to 1/2"/1.5cm from completed embroidery. With right sides facing, place pillow front over backing and pin. Sew front to backing, using edge of embroidery as a guide. Leave 8" (20.5cm) opening in center of one side. Remove pins. Clip across corners and turn right side out. Press edges. Turn opening seam allowances to inside and press. Stuff evenly with fiberfill. Sew opening closed.

# Sashiko

This traditional Japanese technique  
has contemporary style.

## BACKGROUND AND BASIC INSTRUCTIONS

Sashiko, which means "small stitch," was first used in the countryside of northern Japan to mend, add warmth to, and improve the durability of work clothing. Only later was it used, as it is today, for decoration. Traditional sashiko was worked in white yarn on indigo fabric, or vice versa, although other color combinations are now used. Embroidery floss, perle cotton, twisted silk, or linen yarn are all popular for the stitching, which is done with a long, large-eye needle.

Sashiko uses the running stitch, with the end of the yarn woven through the back of the fabric rather than knotted (see fig. 1 below). Stitch straight up and down through the fabric (see fig. 2). All stitches in each line of stitching should be the same length and spaced evenly (see fig. 3). However, variety can be added to the motifs by using different stitch lengths and yarn colors in different stitching lines, or using French knots as accents. Another way to add interest is with decorative trims, like small beads, buttons or paillettes (flat sequins).

You can transfer the pattern to the fabric in several ways; your choice of method will depend on the fabric. Place a sheet of dressmaker's carbon paper between the fabric and the pattern and draw lightly along the lines with a pencil, being careful not to break through the paper. On heavier fabrics, like velvet, a tearaway stabilizer is the best choice. Trace the pattern onto the stabilizer, then pin it to the fabric, design side up. After stitching, carefully tear away the paper.

The very traditional sashiko patterns will always be popular, but it's easy to vary them by repeating motifs, adding lines of stitching or changing the scale of the design. Don't be afraid to put your own twist on the traditional!

## GREEN TOTE

Purchase a velvet or felt tote in a dark color so that the flower design will pop out in high contrast.

fig. 4

## GREEN TOTE

### DIMENSIONS

Bag is approx. 12"/30cm square, excluding handles. Actual size flower pattern is 8"x10"/20.5 x 25.5 cm, on center insert, side B.

### MATERIALS

- 12"/30cm square antique green velvet bag
- Tearaway fabric stabilizer
- 2.6mm yellow rocaille beads
- 6 mm dark brown paillettes
- One skein each of spring green and light olive green embroidery floss
- Large-eye embroidery needle
- Seam ripper

### DIRECTIONS

1 Transfer the actual-size stitching pattern (except for grey portions) to

the fabric stabilizer as described in the basic instructions on page 27.

2 If bag is lined, carefully open top seam of bag to remove. Save the lining. You will sew it back in after all sashiko stitching is completed.

3 Center and pin the pattern/stabilizer to the bag. Stitch the motif, using all six strands of floss. Outer border lines and outer flower lines are worked in light olive green; inner flower lines are worked in spring green. When stitching has been completed, carefully tear away the stabilizer.

4 Sew a paillette and a bead in the center of each flower. Stitch up through the paillette, then through the bead, then back down through the paillette; pull thread to back of fabric (see fig. 4). Refer to the gray marks on pattern for placement of paillettes and beads.

5 Hand-stitch the lining back in place.

## SHAWL

*Shown on page 26*

### DIMENSIONS

Shawl pictured is 28½"x76¾"/72 x 195 cm. The embroidery pattern is repeated 7 times across and measures approx. 27½"x3"/70 x 7.5 cm.

Actual size pattern is on center insert, side B. Motif can be repeated as necessary to fit any size shawl. Be sure to carefully match the pattern repeats where they join.

### MATERIALS

- Fringed shawl, 28½"x76¾"/72x195cm, not including fringe
- One skein embroidery floss
- Large-eye embroidery needle

### DIRECTIONS

**1** The motif is placed side by side along each short edge of the shawl, 3½"/8.5 cm from the short edge and ½"/1.5 cm from each long edge. Transfer the motif using your desired method (see page 27). **Tip** Make a full-sized pattern with all repeats before starting so that you can accurately center design on each short edge of shawl.

**2** Thread needle with 3 strands of floss. Follow the basic instructions on page 27 to stitch along each line.

## BURGUNDY TOTE

*Shown on page 26*

### DIMENSIONS

Bag pictured is approx. 12"/30 cm square, excluding handles. Flower motif is 7½"/19 cm across. Actual size pattern is on center insert, side B.

### MATERIALS

- 12"/30cm square burgundy velvet bag
- Tearaway fabric stabilizer
- 2mm clear rocaïlle beads: gold, orange
- One skein gold ombré embroidery floss
- Large-eye embroidery needle
- One ¾"/18 mm orange button
- Seam ripper

### DIRECTIONS

**1** Transfer the pattern (except for the grey portions) to the fabric stabilizer as described in the basic instructions on page 27.

**2** If bag is lined, carefully open top seam of bag to remove. Save the lining. You will sew it back in after all sashiko stitching is completed.

**3** Pin the pattern/stabilizer to the center of the bag. Stitch the motif, using all six strands of floss. Carefully tear away the stabilizer.

**4** Sew the button in the center of the motif. Sew beads at the ends of the stitching lines and where lines cross on the outer ring of the motif, referring to the gray marks on pattern for number and placement of beads.

**5** Hand-stitch the lining back in place.

## SASHIKO PATTERN DESIGN

Here are some examples of more geometric Sashiko designs. The patterns pictured below show how easy it is to create a multitude of new designs by simply shifting the positioning or focus of an existing motif. Straight-line sashiko patterns are easy designs for beginners to attempt. Varying the colors of the stitches also creates new effects.

- Sewing needle and red sewing thread
- ¾"/19mm-wide white artist's tape
- Anchor Embroidery Floss (DMC Six Strand Embroidery Floss numbers listed in parentheses), 1 skein in each of all colors in color key, except 2 skeins in black
- Anchor Muline Lamé (DMC Light Effects Precious Metals) embroidery floss, 1 card gold
- Crewel embroidery needle, embroidery scissors
- 12"x16"/31x41cm picture frame with 7/8"/22mm molding; 11¾"x15¼"/30x40cm mounting board; 12"x16"/31x41cm backing board

### DIRECTIONS

Bind edge of fabric with white artist's tape. Use needle, red thread and running stitches to outline the 10¼"x12½"/26x32cm area to be embroidered, centering it on fabric rectangle. Each square on chart grid represents 1 cross stitch worked over 2 fabric threads in each direction (see page 72). Follow stitch and color key on page 32. Cut floss to 18"/46cm lengths. Do not use knots. Run beginning and end of thread under 2 to 3 stitches on back of piece. Use 3 strands of floss in needle and work cross stitches first. Work bottom layer of cross stitch from lower left to upper right. Work top layer of cross stitch from upper left to bottom right. Use 1 strand of black floss in needle and work back stitch for outlines and details over 2 to 4 fabric threads (see page 72). Use 1 strand of black floss in needle and work French knots for accordion chord buttons, harp tuning pegs and flute holes. Remove red outline stitches.

### FINISHING

Remove tape. Working on a layer of terry towel, steam press embroidery on wrong side. Let dry. Center mounting board over embroidery. Fold fabric edges to back, mitering corners, and secure with white tape. Insert into frame and cover with backing board.

## MUSICAL MOTIFS

If you don't want to stitch the entire picture, choose just one motif and use it as an embellishment on a card.

Lace knitters the world over have long been entranced by the genius of master lace designer Herbert Niebling.

## Knitted artistry

It's our pleasure to introduce a new generation of lace knitters to this fascinating pastime.

### INTERMEDIATE SKILL LEVEL

#### FINISHED MEASUREMENTS

13¾" x 11" / 35 x 28 cm

**CHART** See center insert, side B.

#### MATERIALS

- No. 60 crochet cotton; ¾ oz / 20 g; 333 yd / 303 m; color in white
- Two sets of 4 needles each in size 0000 (1.25 mm) double-pointed needles
- One steel crochet hook size 7 (0.75 mm)
- Stitch marker
- Rust-proof pins

#### NOTES

- This doily can also be knitted with No. 20 crochet cotton and size 1 (2.25 mm) needles, if you prefer a less fine gauge.
- Follow chart on center insert, pm at end of rnd. Chart shows uneven-numbered rnds only. On even-numbered rnds, knit all

sts, including yo sts; if there are 2 adjacent yo sts, k first yo and p second yo.

- Numbers on chart indicate number of knit sts to be worked. Blank squares on chart represent "no stitch" and are included to keep st count correct.

#### INSTRUCTIONS

Cast on 16 sts. Divide sts evenly among 4 needles—4 sts per needle. Join to work in rnds. Work rnds 1 through 84 of chart; rep chart sts 8 times around. Work on 2 sets of dpns as st count increases. Work rnds 78 through 80 in St st (these rnds are not shown on chart). Work rnds 85 through 94; rep chart sts 16 times around. Bind off by working 1 sc through 3 or 5 sts, as indicated on chart, working 12 ch bet each sc. Using rustproof pins, pin doily to desired round or oval shape. Pin scalloped edge using photo as guide. Block lightly; allow to dry.

### 3-BY-3 AFGHAN

#### DIMENSIONS

About 55"/140cm square.

#### MATERIALS

Lana Grossa "Bingo" (worsted weight yarn); 100% wool; 88yds/80m; 1 $\frac{3}{4}$ oz/50g

• Color #88 green and #90 blue, each 1144yd/1040m (23oz/650 g)

• Color #92 light blue 1232yd/1120 m (24 $\frac{3}{4}$ oz/700g)

• Size H-8/5mm crochet hook

**Gauge** 15 dc and 9 dc rows = 4"/10 cm

#### AFGHAN INSTRUCTIONS

Crochet 9 squares: 3A, 3B, 3C.

#### FINISHING

With WS facing, join finished squares foll diagram. Arrows show how to place the squares. Join 2 different-colored squares, using the third color to crochet the squares tog with sc. **Edging** With RS facing, work 1 row sc evenly spaced around, working 3 sc in each corner, and matching the color of each square.

### A, B, C PILLOWS

#### DIMENSIONS

About 16"/40cm square.

#### MATERIALS

Lana Grossa "Bingo" (knitting worsted weight yarn); 100% wool; 88yds/80m; 1 $\frac{3}{4}$ oz/50g

• Color #88 green for pillow A and #90 blue for pillow C, each 352yd/320m (7oz/200 g)

• Color #92 light blue for pillow B, 440yd/400m (8 $\frac{3}{4}$ oz/250g)

• Size G-6 (4 mm) crochet hook (smaller hook for tighter gauge than afghan)

• 17 $\frac{3}{4}$ " x 19 $\frac{3}{4}$ "/45x50cm fabric in coordinating color

• 12"/30cm zipper for each pillow

• 16"/40cm pillow form or polyester fiberfill for each pillow

#### PILLOWS

Using smaller hook, crochet 3 squares: 1A, 1B, and 1C.

#### FINISHING:

For pillow back, cut fabric into 2 rectangles, each 16 $\frac{1}{2}$ " x 13"/42 x 33cm and

16 $\frac{1}{2}$ " x 5"/42 x 13cm. Turn  $\frac{1}{8}$ " under twice on one long edge of each rectangle, press and top-stitch in place. Place 2 rectangles with RS facing each other and matching the hemmed edges. Stitch hemmed edge tog with a  $\frac{3}{4}$ "/2cm wide seam, leaving the center 12"/30cm open for zipper. Press. Turn piece RS out. Insert zipper in slit so that zipper teeth are covered and sew in place. With zipper unzipped, place the fabric piece and the crocheted piece with RS tog. Stitch a  $\frac{3}{8}$ " seam around 4 sides. Turn RS out, insert pillow filling or fiberfill.

# at a Snail's Pace

Let those early baby days last as long as possible.

The world's most contented snails march around the nursery in a peaceful parade.

## PILLOW

Cute little snail appliqués slink along, tail to tail. A wide yellow gingham border fences in our contented little friends.

## IMPORTANT NOTE

Be sure that all buttons, beads and grommets are securely fastened or eliminate them and replace with embroidery. Keep all projects well out of reach of children under three years old.

## LAMPSHADE

### DIMENSIONS

About 11 3/4"/30cm in diameter; 12 1/4"/31cm high

### PATTERN PIECES

Use actual-size lampshade patterns A and B on center insert, side A; fig. 1 on center insert, side A.

### MATERIALS

60"/150cm-wide cotton fabric

- 1/2 yd/40cm of yellow
- 1/8 yd/10cm EACH of white, rose tiny gingham, green, turquoise tiny gingham, orange tiny gingham
- 36"/90cm-wide paper-backed fusible web (such as Wonder Under), 1/2 yd/40cm
- Small, colored metal grommets and fastening tool
- 52x39"/1.3x1m sheet of transparent adhesive film
- Double-sided adhesive tape, 1/2"/12 mm-wide
- 11yd/10m white satin ribbon, 1/8"/3mm-wide
- Wooden beads: 32 white, 12mm; 30 yellow, 16mm
- Light blue glass eyes: 1 pair, 8mm; 1 pair, 10mm
- 3 turquoise glass beads
- 24 flower buttons, about 3/4"/18mm
- Wire lamp shade base, about 11 3/4"/30cm; 12"/30.5cm
- Thread in various colors (see photos)
- Large-eye needle
- Iron-on transfer pencil
- Scissors
- Hole punch
- Small pair of pliers

### INSTRUCTIONS

**1** Cut a 41 3/8"x15 3/4"/105 x 40cm piece of yellow fabric for lampshade cover.

**2** Trace snail and clover leaf patterns onto paper side of fusible web, leaving 1"/2.5cm between pieces. Cut out shapes, leaving a paper margin around each.

**3** Follow web manufacturer's directions to fuse rough side of web onto wrong side of fabric; cut along pencil outlines. Use white for snail heads and assorted colors for remaining pieces as desired (see photograph).

## LAMPSHADE

Baby sleeps peacefully in the glow of an embroidered lampshade. The bead and button trim is a fun touch.

**4** Using transfer pencil, trace design details (like stems and antennae) onto tracing paper. Connect pattern pieces A and B along the broken lines to form the complete design.

**5** Place the color cut-out shapes from the center insert sheet about 2"/5cm from the lower edge of the lampshade cover fabric. Fuse motifs onto fabric; when cool, stitch along lines as indicated on pattern.

**6** Following patterns A and B (snails and clover

leaves), fuse the snail shells and clover leaves onto the fabric, and carefully remove the transfer paper backing. Using a very narrow zigzag stitch, stitch along the antennae and the clover leaves using matching thread. Then stitch around the head, tail, body, snail shell spirals and mouth (use a regular backstitch to stitch spiral).

**7** Bend open backing on glass eyes; trim wire. Follow pattern to sew eyes at numbered marks. Sew beads to remaining marks.

**8** Cut a 39x13<sup>3</sup>/<sub>8</sub>"/99x34 cm piece of clear adhesive sheet and apply it to the wrong side of the lampshade cover fabric, keeping fabric smooth.

**9** Turn under 1/2"/1.5 cm on each of the narrow ends of the lampshade cover fabric; secure both edges with double-sided tape. Roll into tube so taped edges overlap, then use grommet tool to punch holes evenly spaced through all layers. Attach grommets through holes to form shade.

**10** Turn under 5/8"/1.5 cm on upper and lower edges of shade and secure with double-sided tape. Punch holes evenly spaced about 1"/2.5 cm from each edge.

**11** Thread needle with satin ribbon. Starting inside upper edge, sew flower buttons to upper edge of shade (see fig. 1 on center insert, side A). Knot ribbon ends on inside. Place shade over wire base.

**12** Thread needle with 8"/20 cm of satin ribbon; knot one end. Starting inside the lower edge, sew through hole at lower edge of shade, catching lower edge of wire frame as you stitch. String yellow and white beads on end of ribbon and knot end. Stitch a length of ribbon and beads at each hole.

## PILLOW

*Shown on pages 42-43*

### DIMENSIONS

About 19<sup>5</sup>/<sub>8</sub>"/50cm square

### PATTERN PIECES

Use single snail patterns A through D, and fig. 2 (size and placement diagram) on center insert, side A

### MATERIALS

60"/150cm-wide cotton fabric:

- 1/2yd/40cm white; 5/8yd/50cm yellow tiny gingham; 1/8yd/10 cm EACH of yellow, rose tiny gingham,

## MUSICAL TOY

And now for our singing snail. A purchased music box is encased in a padded shell. **Note:** Keep all small parts well out of baby's reach.

turquoise tiny gingham, yellow/red tiny gingham

- 36"/90cm-wide paper-backed fusible web (such as Wonder Under), about 1/2 yd/40 cm
- 4 flower buttons, about 7/8"/22mm
- Turquoise embroidery floss
- Thread in various colors
- 1 zipper, 12"/30cm
- Fiberfill stuffing

### INSTRUCTIONS

**1** From white cotton, cut a 15<sup>3</sup>/<sub>4</sub>"/40cm square for cushion front. From yellow gingham, cut two 11x20<sup>1</sup>/<sub>2</sub>"/28 x 52cm pieces for cushion back and four 4x 21<sup>5</sup>/<sub>8</sub>"/10x55cm pieces for checked border. Following lampshade directions, cut out motifs as indicated.

**2** In center of white square piece, use a basting stitch to mark a 13<sup>3</sup>/<sub>8</sub>"/34cm square. Following lampshade directions, appliqué snails around outer edge of this

square, following symbols indicated on the Fabric chart, page 44, for placement of colors. Cut the square down to 14<sup>1</sup>/<sub>4</sub>"/36 cm square for cushion front.

**3** Arrange the 4x21<sup>5</sup>/<sub>8</sub>"/10x55cm pieces to form a frame; cut each short end at a 45-degree angle so edges meet. Pin and stitch short ends together in 3/8"/1 cm seams. Press seams open. Baste this frame to edges of cushion front, with right sides together; stitch seams, pivoting stitching at corners. Press border out.

**4** Pin and stitch long edges of cushion back sections together in a 3/4"/2cm seam, leaving center 12"/30cm of seam open. Baste this section together. Press seam open. Sew zipper at basted section of seam, following package directions. Open zipper partway.

**5** Pin and stitch front to back in a 3/8"/1cm seam. Turn right side out. Stuff firmly. Sew a flower button at each corner as shown in photograph.

## MUSICAL TOY

### DIMENSIONS

Snail is about 10½ x 6½" / 26.5 x 16.5 cm

### PATTERN PIECES

Use actual-size musical toy snail pattern, parts 1-5; refer to figs. 3-4 on center insert, both on side A.

### MATERIALS

62" / 160cm wide velour:

- ¼ yd / 20cm orange; ⅛ yd / 10cm light blue
- 60" / 150cm wide cotton fabric:

- ⅛ yd / 10cm rose tiny gingham

• Music box movement in desired tune (available at clockmaking supply shops and on the Internet)

- 16" x 8" / 40 x 20cm piece of tear-away embroidery stabilizer

- Orange embroidery floss

- Thread

- Fiberfill stuffing

- 1 pair light blue glass eyes, about 10 mm

### INSTRUCTIONS

**1** Transfer all pattern pieces onto tracing paper, including all markings and seam numbers (seam numbers show the placement of the parts in constructing the toy). Cut each piece precisely along cutting line, pin to wrong side of fabric, and trace outlines with a pencil. When cutting, add a ⅜" / 1cm seam allowance all around each piece. Flip each pattern piece and cut a mirror image of each. You need a total of: 2 body sections from orange velour, 2 tail sections and 2 head sections from light blue velour, 2 front antennae sections and 2 back antennae sections from rose tiny gingham.

**2** Cut two 8" / 20cm pieces of embroidery stabilizer. Trace the spiral pattern onto each piece, flipping pattern to trace mirror images. Baste stabilizer onto right side of each body section. Using short backstitch (see page 72) and orange floss, stitch along each spiral. Tear away stabilizer.

**3** Sew tail sections together, leaving open between marks 3 and 4. Sew head sections together, leaving open between marks 1 and 2 and between marks 5 and 7. Sew each pair of antenna sections together, leaving open at short straight ends.

**4** Turn tail right side out, stuff and slipstitch closed.

Turn head right side out, stuff and slipstitch closed between marks 1 and 2 (leave other opening to insert antennae).

**5** Trim antennae seam allowances to ⅜" / 5mm and clip (see figs. 3 and 4). Turn right side out, stuff and slipstitch opening.

**6** Insert short straight ends of antennae into the 5-7 opening on head. Whipstitch opening closed, catching antennae as you stitch, to complete head.

**7** To make hanging loop, cut a 2⅜ x 7" / 6 x 18cm bias strip of rose tiny gingham. Fold in half lengthwise; sew long edge in a ⅜" / 1cm seam. Turn right side out; center seam along back and press. Fold in half crosswise with seam on inside, forming loop. Pin end of loop to upper edge of body front, with right sides together; baste in ⅜" / 1cm seam.

**8** Sew body sections together, leaving openings between marks 1 and 2 (to insert head) and 3 and 4 (to insert tail). Catch strap in stitching at top end only.

**9** Turn body right side out. Wrap stuffing around music box and place in center of body. Stuff body firmly around music box. Insert tail into 3-4 opening and use ladder stitch (see page 72) to close opening, catching tail in stitching. Insert head into 1-2 opening and attach same as for tail.

**10** Embroider mouth using backstitch. Sew an eye on each side of head.

## MOBILE

### DIMENSIONS

About 11¾" / 30cm in diameter. Each snail is about 3½ x 6¼" / 9 x 16cm

### PATTERN PIECES

Use actual-size mobile snail pattern pieces 1 through 5 on center insert, side A

### MATERIALS

62" / 160 cm wide velour:

- ⅜ yd / 15 cm EACH of orange, light blue, yellow, pink

60" / 150 cm-wide cotton fabric:

- Remnants (about 2" / 5cm) EACH of rose tiny gingham, yellow tiny gingham, orange tiny gingham, turquoise tiny gingham

- 16 x 8" / 40 x 20cm piece of tear-away embroidery stabilizer

- Embroidery floss in various colors

- Thread

- Fiberfill stuffing

- Light blue glass eyes, 8mm

- 2 ¾ yd / 2.5m white satin ribbon, ⅛" / 3mm wide

- Seven ½" / 11mm jingle bells

- Sea green acrylic craft paint

- Spool of monofilament or nylon thread

- Wooden mobile, about 11¾" / 30cm diameter (if you cannot find a kit at a crafts or hobby shop, you can make one with thin dowels, wooden beads and wood glue)

- 2 small screw-in hooks

- Paintbrush

### INSTRUCTIONS

**1** Refer to musical toy directions for patternmaking and basic cutting directions. For each of the 7 snails, cut pieces same as for musical toy, using assorted velours for heads, tails and bodies, and using assorted tiny gingham for antennae.

**2** Make each snail same as for musical toy, skipping music box directions. Refer to photograph for color combinations. Embroider mouths and add eyes in same manner.

**3** Cut a 14" / 35cm piece of ribbon for each snail. Fold in half and slip fold through the loop of a bell, then pull ends through. Tie ribbon in bow around the neck of each snail; tie ends in a double knot.

**4** Assemble the mobile according to package instructions; use wood glue as needed to secure parts. Paint mobile; let dry.

**5** Screw hooks into center top and bottom of center ball.

**6** Stitch through top of each snail with nylon thread, leaving a long tail. Tie tails to mobile so snails hang at varying lengths.

# Be My Little Teddy Bear

## TIP

All the parts you need to make this bear, from eyes to nose to joints and even fur, can be purchased at a dollmaking supply shop or a specialized bearmaking shop. If you can't find one near you, check the Internet.

## TEDDY BEAR

### SIZE

About 11¾"/30 cm, standing.

### PATTERN PIECES/DIAGRAMS

Use pattern pieces 1–11 and cutting layouts on center insert, side B.

### MATERIALS

- Sand-colored faux fur: 14" x 18"/35 x 46 cm piece of 1"/25 mm-deep pile; 5" x 10½"/12.5 x 26.5 cm piece of ½"/11 mm low pile
- 2 black/brown eyes, 14 mm
- 1 brown matte bear nose, 18 mm
- Teddy bear joints: two 35 mm, three 45 mm
- Fiberfill stuffing
- Waterproof fine-point marker
- Tracing paper
- Carpet or upholstery thread and needle

### DIRECTIONS

**1** Trace pattern pieces onto tracing paper, including all markings and seam numbers. Cut out along outlines. A ⅛"/3 mm seam allowance is included on all pieces. Place fur fabric pieces with wrong side up. Follow layout charts to arrange pattern pieces on the appropriate weight of fur (some pieces are cut from both types; check cutting chart, page 51). Make sure all pieces lie in same direction as nap. Draw around each piece with fine-point marker. Flip patterns for all pieces except 1 and 3 to trace mirror image, as shown on layout charts on center insert. Cut through backing only as you cut out each piece; do not cut through pile. Cut a small X through backing at V marks (on face, for eyes and nose) and at X marks (on body, arms and legs, for joints).

**2** Once all the pieces have been cut, follow the steps to join corresponding sections as listed.

Place pieces right sides together and whipstitch ⅛"/3 mm from edge (see page

72), keeping pile to inside. Knot thread ends. Use a needle to free any pile trapped in the seam and to fluff the pile over the seam. Use a spoon handle to help you turn all the pieces right side out. After stuffing sections as listed in steps, close seams with a ladder stitch (see page 72).

**3** To make the ears, pin piece 5 together in pairs (one high-pile and one low-pile in each pair). Sew from mark 1 to 2. Turn right side out; sew lower edge closed with ladder stitch.

**4** To make the head, pin piece 4 to piece 2 from marks 3 to 4 and piece 3 to piece 1 from marks 3 to 3 along curved edges. Sew these seams. Sew a piece 2 to each side of piece 1, from mark 5 to 6 (over mark 3), then from mark 7 to 8. Sew pieces 4 together from mark 5 to 4. Sew pieces 2 together from mark 4 to 9.

**5** To finish the head, place the ears between seam marks 1 and 2; stitch in place so inner ears point forward. Attach the eyes and nose at the X cuts on the head, according to package directions (see fig. a, page 51). Turn head right side out; stuff. Sew gathering stitches near lower edge of head, starting and ending at mark 6. To attach neck joint, place 45 mm joint washer on pin. Insert into base of head so pin extends at bottom; pull up gathering stitches and make several small stitches to secure.

**6** To make each arm, sew each piece 7 to a piece 9 from marks 10 to 11 for inner arm. Sew each inner arm to a piece

**TEDDY BEAR ON PARADE** All fluff and big furry feet, this stalwart little guy is sure to be a favorite friend. Made with love by hand, he will be remembered and treasured forever. For the next gift-giving season, Mr. Bear might like a knitted vest or a sewn overcoat.

8 from mark 12 to 13. Turn arms right side out; attach 35mm joint washers with pins at each X cut on inner arm so pins extend out from arms. Stuff arms; close openings with ladder stitch.

**7** To make legs, sew piece 10 together in pairs from mark 14 to 15, leaving an opening for turning. Sew a piece 11 to bottom of each 10 pair, starting and ending at mark 14. Turn legs right side out; attach 45mm joint washers with pins at each X cut on inner leg so pins extend out from legs. Stuff legs; close openings with ladder stitch.

**8** To make the body, sew the dart in each piece 6. Sew pieces 6 together from mark 16 to 17 and from mark 18 to 19 (leave small opening between marks 17 and 18 for joint pin). Turn right side out. Place arms and legs on sides of body; insert joint pins through body holes. Place head on body; insert joint pin into small opening between marks 17 and 18. Place corresponding washers on each joint pin inside body and tighten; test motion to make sure washers are not too tight (see fig. b, below).

**9** Stuff body; close all openings with ladder stitch.

# Wild Child

Kids can run like a zebra,  
stalk with a tiger  
or wrestle a croc  
(safely, of course) wearing  
a pair of knitted slipper  
socks from this menagerie  
of jungle animals.

#### CROCODILE SOCK

**Did you know** that crocodiles were around at the time of the dinosaurs and have survived them by 65 million years? Makes you wonder how long these socks will last.

#### ZEBRA SOCK

**Did you know** that every zebra has a distinct set of stripes? Fortunately, there's only one color chart to follow no matter how many pairs of zebra socks you want to knit.

#### TIGER SOCK

**Did you know** that baby tigers don't start hunting for themselves until they're about 1½ years old? The human child is pampered even longer, as shown by the wearing of knitted socks to afternoon milk and cookie time.

To learn more about zebras, tigers and crocs, see Sources, page 74.

# There's fun afoot!

The first number on heel instructions is for crocodile socks. Changes for zebra and tiger socks are in parentheses.

## CROCODILE SOCKS

**SIZE** Fits children's shoe sizes 12-13 1/2 and size 1.

### GAUGE

22 sts and 30 rnds = 4"/10cm in St st on size 3 (3.25mm) dpns.

### SOCKS

**Cuff** With dpns and dark green, cast on 44 sts. Divide sts evenly over 4 needles (11 sts on each needle). Join, taking care not to twist sts on needles, pm for beg of rnds (needle to left of marker is first needle; needle to right of marker is 4th needle). Cont to work around in rib pat for 10 rnds, inc 4 sts evenly on last rnd—48 sts (12 sts on each needle). **Leg** Cont in crocodile pat I for 4 3/4"/12cm. **Heel** Heel is worked back and forth in two parts, over 24 (20, 22) sts on first and 4th needles. Work first part of heel in rows as foll: **Row 1 (RS)** K across first needle, leaving last st unworked. Slip this st to RH needle, bring yarn to front, sl st back to LH needle, then bring yarn to back in preparation for next p row (1 k-st wrapped); turn work. **Row 2** P across first and 4th needles, leaving last st unworked. Slip this st

to RH needle, bring yarn to back, sl st back to LH needle, then bring yarn to front in preparation for next k row (1 p-st wrapped); turn work. **Row 3** K across to within 1 st before wrapped st. Slip this st to RH needle, bring yarn to front, sl st back to LH needle, then bring yarn to back in preparation of next p row; turn work. **Row 4** P across to within 1 st before wrapped st. Slip this st to RH needle, bring yarn to back, sl st back to LH needle, then bring yarn to front in preparation for k row; turn work. Rep rows 3 and 4 until there are 8 (7, 7) sts wrapped at each end of heel and 8 (6, 8) St sts rem in center of heel. Work second part of heel in rows as foll: **Row 1** K to first wrapped st. Pick up wrap and place it on LH needle. Knit the st and wrap together as one st; turn work. **Row 2** Purl to first wrapped st. Pick up wrap and place it on LH needle. Purl the st and wrap together as one st; turn work. Rep these 2 rows until all wrapped sts have been worked, ending at rnd marker—12 (10, 11) sts on first and 4th needles. **Foot** Worked in rnds. Work St st over first and 4th needles (sole) and crocodile pat II over 2nd and 3rd needles (instep), inc 1 p-st at end of 3rd needle on first rnd so pat is correct—49 sts. Cont until foot measures 6"/15cm. **Next (dec) rnd** Knit to last 2 sts of 3rd needle, k2tog—48 sts. **Shape toe** as foll:

### FINISHING

Referring to fig. 1 above, sew leather soles to bottom of socks using dark green. **Eyes** (make 4) With straight needles and black, cast on 14 sts. Work in St st for 20 rows. Bind off, leaving a long tail for sewing. Thread tail in tapestry needle, then sew running stitches around entire outer edge. Pull thread to gather opening closed; stitch to secure. **Eyelids** (make 4) With straight needles and dark green, cast on 14 sts. Work in garter st for 20 rows. Bind off. For each eyelid, beg at cast-on edge, sew running stitches along side edge, bound-off edge, then opposite side edge. Pull thread ends to gather edges slightly. Insert an eye, pull thread ends to gather, then fasten off yarn ends securely. Using dark green, stitch eyelids to eyes using running stitches bet first 2 garter st rows. **Pupils** Using natural, embroider each eye with a horizontal straight stitch. Referring to photo for placement, sew assembled eyes to socks.

## ZEBRA SOCKS

**SIZE** Fits children's shoe size 9 1/2-10 1/2

### MATERIALS

- Regia 6-ply (medium-weight yarn); 75% superwash wool, 25% polyamide; 137yd/125m; 1 3/4 oz/50g

  - One set (5) size 3 (3.25mm) double-pointed needles (dpns)
  - Size D-3 (3.25mm) crochet hook
  - Stitch marker
  - One pair size 26/27 (U.S. size 9 1/2-10 1/2) Regia leather soles

**NOTES** See crocodile socks.

### ADDITIONAL NOTES

**Vertical stripe pat—Rnd 1** K1 with black, \*k2 with light grey heather, k2 with black\*, k2 with light grey heather, k1 with black; rep from \* to \* 3 times more. Rep this rnd for vertical stripe pat.

**GAUGE** See crocodile socks.

### NOTES

**Cuff** With dpns and "Brazilia," cast on 36 sts. Divide sts evenly over 4 needles (9 sts on each needle). Join, taking care not to twist sts on needles, pm for beg of rnds (needle to left of marker is first needle; needle to right of marker is 4th needle). Cont to work around in rib pat for 3 rnds. Change to "Regia 6-ply" in black.

**Next (inc) rnd** K, inc 4 sts evenly spaced around—40 sts (10 sts on each needle). **Leg** Change to light heather grey. Cont to work around in "Regia 6-ply;" St st and stripe pat as foll: \*2 rnds light heather grey and 2 rnds black; rep from \* 6 times more, then work 2 rnds light heather grey. **Heel** Change to black. Work same as crocodile socks, foll first number and instructions inside parentheses. **Foot** Worked in rnds. Work vertical stripe pat over first and 4th needles (sole), and chart pat over 2nd and 3rd needles (instep). Cont to work in this manner to top of chart pat. Cont with black only and knit 1 rnd. Shape toe same as crocodile socks, foll first number inside parentheses.

### FINISHING

Referring to fig. 1, sew leather soles to bottom of socks using black. **Ears** (make 4) With black, cast on 14 sts. Using a 2nd dpn, work back and forth in garter st for 20 rows, then shape top as foll: **Next row** K2tog, k to end. Rep this row until 1 st rem. Fasten off

last st. Fold cast-on edge in half, then sew edges tog. Referring to photo, position bottom edge of ears on bottommost black stripe of leg, then sew on as shown. **Forelocks** With “Brazilia,” make a slip knot and place on crochet hook. With front of sock facing and bottom of sock at bottom, fold along bottommost black stripe of leg. Insert hook about 1/2”/1.5cm from ear. Yo and draw up a loop, then yo and draw through both lps on hook—1 sc made. Making sure that work lies flat, cont to sc along stripe to within 1/2”/1.5cm of opposite ear. Fasten off. Rep for 2nd sock. **Manes** With “Brazilia,” make a slip knot and place on crochet hook. With side of sock facing and bottom of sock at right, fold along color changes of rnds. Insert hook just above top back edge of leather sole. Yo and draw up a loop, then yo and draw through both lps on hook—1 sc made. Making sure that work lies flat, cont to sc along center back of sock to “Brazilia” band at top. Fasten off. Rep for 2nd sock. For forelocks and manes, use tip of tapestry needle to free up any caught eyelash strands to create fullness. **Eyes** Using black, embroider round, satin stitch eyes. **Pupil highlights** Using natural, embroider a small vertical straight stitch.

Cut yarn leaving a

12”/30.5cm tail. Thread tail in tapestry needle, then thread through rem sts. Pull tog tightly and secure end, then sew side seams of upper and lower sections tog. Stuff muzzle with fiberfill. Pin head to top of sock leaving an opening for stuffing. Stuff with fiberfill, then sew entire outer edge in place using “Brazilia” in natural along the “Brazilia” cast-on edge and pumpkin for the pumpkin cast-on edge. For **neck ruff**, use tip of tapestry needle to free up any caught eyelash strands to create fullness. **Ears (make 4)** With espresso and smaller dpn, cast on 11 sts. Using a 2nd dpn, work back and forth in garter st for 6 rows, then shape top as foll: **Next row** K2tog, k to end. Rep this row until 1 st rem. Fasten off last st. Referring to photo, sew on ears, butting cast-on edge against outer edge of head as shown in photo. Sew on bead eyes (see warning in materials) using a double strand of sewing thread. **Nose and mouth** Using black, embroider horizontal straight stitches on muzzle as shown. **Whiskers** Cut an 18”/45.5cm strand of natural. Separate into 3 strands of 2 plys each. Using 2 plys in needle, embroider 6 straight stitches as shown. **Tails (make 2)** With smaller dpn and espresso, cast on 5 sts and work as foll: **\*Next row (RS)** With 2nd dpn, k5, do not turn. Slide sts back to beg of needle to work next row from RS; rep from \* working 2 rows espresso and 2 rows natural until 17 espresso stripes have been completed. Cut yarn leaving a 6”/15.5cm tail. Thread tail in tapestry needle, then thread through rem sts. Pull tog tightly and secure end. Sew bottom of tail to center back and centered over first St st stripe. Referring to photo, bring tail around left side of sock, curl tail downward, then tack in place.

# Perfectly Paisley

Design, create, felt and finish!  
With a special paper that makes felting easier than ever, you can create this unique pillow and craft-worthy scarves, bags, and more.

## MATERIALS

- Artfelt™ paper
- 1 hank turquoise Artfelt™ standard roving
- 1 hank each red multicolor and brown multi-color pencil roving
- Plastic foam rectangle
- Felting needles
- Cardboard
- Round cookie cutter
- Dry cleaning bag or other plastic
- Terrycloth towel
- 16"/40cm pillow form
- Large buttoned shirt for pillow backing

**1** **Felting, the easy way.** **Size** About 16"/40cm. There's no right or wrong way to do this fascinating craft. Each completed piece will be unique since the roving colors are never exactly the same. Cut a 20"/50cm square of Artfelt™ paper and lay over plastic foam surface (foam should be at least 1"/2.5cm thick). A 20"/50cm or larger plastic foam piece is helpful, but if yours is smaller, move the foam around as you poke (or tack) the needle through the roving and paper at once. Cut one 20"/50cm length of turquoise standard roving. Split remaining turquoise roving into 2 equal pieces: A and B.

**2** **Base** Position lengths of piece A to vertically cover paper square, using all of piece A. With felting needle, tack roving into place, spacing tacks about 2"/5cm apart. Using all of piece B, do the same horizontally. The double layer of roving creates a firm foundation for the next layers of roving.

**3 Paisleys** Using actual size pattern from center insert (side B), cut one cardboard paisley template. Use two straight pins to position it on turquoise foundation. Outline template with red pencil roving; tack roving in place. Fill inside of paisley with pencil roving; tack in place.

**4 Outline paisleys** Outline each paisley shape with brown pencil roving; tack in place. Cut and tack roving to fit edge of square. Continue to cover entire foundation so that turquoise base color does not show. Any base color that shows at this point will show after felting.

**5 Circles/Outlining** Pull pencil-roving-width strands from 20"/50cm length of turquoise roving. Outline paisleys with turquoise, if desired. Wind and tack turquoise into circle shapes, using round cookie cutter as a guide. With red pencil roving, outline circles as for paisleys (photo 6).

**6 Felting** Place water-saturated towel in bathtub, with drain open. Place square, roving side up, on towel. Pour water over your hand and onto roving. Place a 28"x36"/70x90cm piece of plastic wrap over the square and press to help roving absorb water from above and below. Lift plastic. If there are dry spots, pour on additional water. Continue until square is thoroughly saturated. To avoid disturbing roving, do not touch with bare hands.

**7 Dry piece** Place square, roving side up, on top of plastic wrap, with one edge of square lined up with one short edge of plastic. From lined-up edge, gently roll piece into a log shape (see photo 6). Continue to roll piece until extended end of plastic is entirely rolled up. Secure plastic in place with 5 evenly spaced rubber bands. Place rolled piece and a few towels in dryer for 15 minutes. Unroll and measure. When piece shrinks to 16½"/42cm square, it's ready. Repeat if necessary, replacing plastic and rolling from opposite end.

**8 Dissolve paper** Place piece in tub and pour boiling water over paper. Rinse until water runs clear. Roll piece in towel to remove excess water. Lay flat to dry in sunlight or iron to speed up process. Do NOT tumble dry further, as agitation will continue to felt piece and it will become too small and thick.

**9 Pillow back** Find a large-size button or snap shirt in a coordinating color. Avoid shirts with pockets and darts. Cut a 18"/45cm square from shirt front with buttons centered. Place felted pillow front on top of shirt with right sides of both pieces together and buttons centered; pin in place. Remove any buttons that will interfere with seam. Trim around shirt with pinking shears. Turn piece over and sew a ½"/1.25cm seam around outside edge. Unbutton shirt; turn right side out; insert pillow form.

**Cleaning** Wash in cold water; squeeze excess; lay flat to dry.

Rib pat in the rnd K1, p1.

St st in the rnd K all rnds.

**Zig-zag pat** Work according to chart, using colors according to color key. For each rnd, work first 10 sts, then rep 10 sts between arrows. Work chart to rnd 41 foll instructions for size being made.

### GAUGE

13 sts and 18 rnds = 4"/10cm in St st on larger circular needle.

### BODY

With 32"/80cm long smaller circular needle and spice [charcoal], cast on 114 (124, 134, 142, 152) sts. Join and pm for beg of rnds. Work around in rib pat for 2"/5cm, inc 6 (6, 6, 8, 8) sts evenly spaced around last rnd—120 (130, 140, 150, 160) sts. Change to 32"/80cm long larger circular needle. **Next rnd** K 60 (65, 70, 75, 80) sts, pm, k to end. Cont to work around in St st until piece measures 16½ (17, 17½, 18, 18½)"/42 (43, 44.5, 45.5, 47)cm, ending 4 (4, 5, 5, 6) sts before rnd marker. **Next rnd** K next 7 (8, 9, 10, 11) sts and place on holder for right underarm, k to 4 (4, 5, 5, 6) sts before next marker, k next 7 (8, 9, 10, 11) sts and place on holder for left underarm, k to end. Place rem 106 (114, 122, 130, 138) sts for back and front on 24"/60cm long needle.

### SLEEVES

With smaller dpns and spice [charcoal], cast on 30 (32, 34, 36, 36) sts. Divide sts evenly over 4 needles. Join taking care not to twist sts on needles, pm for beg of rnds. Cont to work around in rib pat for 2½"/6.5cm, inc 5 sts evenly spaced around last rnd—35 (37, 39, 41, 41) sts. Change to larger dpns and cont in St st for 9 (9, 10, 10, 9) rnds. **Next (inc) rnd** K1, M1, k to 1 st before marker, M1, k1. Rep inc rnd every foll 9th (9th, 10th, 10th, 9th) rnd 6 (6, 6, 6, 7) times—49 (51, 53, 55, 57) sts. Work until piece measures 18 (18½, 18¾, 19, 19)"/46 (47, 48, 49, 49)cm [19 (19½, 20, 20½, 20¾)"/49 (50, 51, 52, 53)cm], ending 4 (4, 5, 5, 6) sts before rnd marker. **Next rnd** K next 7 (8, 9, 10, 11) sts and place on holder for underarm, k to end. Place rem 42 (43, 44, 45, 46) sts on holders.

### YOKE

With 32"/80cm long larger needle and spice [charcoal], k 53 (57, 61, 65, 69) sts of back, 42 (43, 44, 45, 46) st of left sleeve, 53 (57, 61, 65, 69) sts of front and 42 (43, 44, 45, 46) st of right sleeve—190 (200, 210, 220, 230) sts. Join and pm for beg of rnds. Work even for 0 (0, 0, 1, 3) rnds. Work chart, changing to shorter needles as needed as foll: **For size X-Small only** Work first 10 sts, then rep 10 sts between arrows 18 times. Work to top of chart, omitting rnds 1, 19, 24, 29 and 34—76 sts. **For size Small only** Work first 10 sts, then rep 10 sts between arrows 19 times.

# Techniques & Tips

## Making a knitted gauge swatch

Using the recommended needles, yarn and pattern stitch, cast on a few more stitches than the number indicated in the pattern gauge. Work even in the pattern stitch for 4" (10cm) and then for several rows more (end with a wrong-side row). Bind off loosely or carefully remove the swatch from the needles. Place a ruler over the swatch; count the number of stitches horizontally for 4" (10cm) and the number of rows vertically for 4" (10cm), including fractions of stitches or rows. If you have too many stitches and rows, switch to larger needles; if you have too few stitches and rows, use smaller needles.

### Sizes

Multiple sizes are given in the pattern instructions. The smallest size is given first, larger ones are in

parentheses. If there is only one number or set of instructions, it applies to all sizes.

### Shaping

When working up to the point of beginning a shaping, such as for an armhole or neck, work the specified number of inches/centimeters or rows and end with a wrong side row. Unless otherwise instructed, bind-off shaping usually starts on the right side of the work.

### Selvage stitches

In many cases, an extra stitch is shown on the stitch charts, usually represented by a "+." Unless otherwise instructed, work this stitch in stockinette stitch throughout (knit on the right side; purl on the wrong side).

## Basic crochet stitches

**chain stitch (ch)** Starting with a slip knot on the hook, yo and loosely pull yarn through to form a new loop. Repeat to form as many chains as required.

**slip stitch (sl st)** Insert hook into designated stitch, yo and pull yarn through both the stitch and the loop on the hook.

**single crochet (sc)** Insert hook into designated stitch, yo and pull yarn through—2 loops on hook, yo and pull through both loops.

**reverse single crochet (rev sc)** With right side of work facing, chain 1 and work a row of sc in opposite direction (left to right if right-handed, right to left if left-handed).

**half double crochet (hdc)** Yo, insert hook into designated stitch, yo and pull yarn through—3 loops on hook, yo and pull through all 3 loops.

**double crochet (dc)** Yo, insert hook into designated stitch, yo and pull yarn through—3 loops on hook, (yo

and pull through 2 loops) 2 times.

**double crochet 3(4) together (dc3tog, dc4tog)** \*Yo, insert hook into designated stitch, yo and pull yarn through, yo and pull through 2 loops\*—2 loops on hook; yo, insert hook into designated stitch, yo and pull through, yo and pull through 2 loops—3 loops on hook; yo, insert hook into designated stitch, yo and pull through, yo and pull through 2 loops—4 loops on hook, yo and pull through all 4 loops—3dctog completed. For 4dctog, repeat from \* to \* once more—5 loops on hook, yo and pull through all 5 loops.

### front post double crochet (FPdc)

Yo, insert hook from front to back to front around post of designated stitch, yo and pull up loop, complete dc as usual.

### back post double crochet (BPdc)

Yo, insert hook from back to front to back around post of designated stitch, yo and pull up loop, complete dc as usual.

## MAKE CARDS

Cut one each 8½"x6"/22cmx15cm rectangles of medium blue and white card stock. Fold each to finished measurement. Cut two 4¼"x6"/11x15cm rectangles of white light-weight paper for linings. **White mittens card** Copy holes of actual-size star pattern (see fig. 4 below) onto tracing paper. Place open blue card on soft surface and randomly position stars using a T-pin to punch holes through tracing into card front. Following fig. 4, embroider stars using two strands of floss in needle. Don't make knots. Use tape to secure beginning and end of floss on back of embroidery. Glue white lining inside card over tape. Hot-glue center of strand connecting mittens to center of card front, ¼"/6mm

fig. 4

from top edge. Cut two 4¼"x¾"/11x2cm strips of white light-weight paper. Use decorative edge scissors to trim one long edge of each. Glue strips to top and bottom of card front.

**Blue mittens card** Copy actual-size cloud patterns (see center insert, side B) onto tracing paper. Use carbon paper to transfer clouds to medium blue light-weight paper and cut out. Glue clouds to white card front and hot-glue center of strand connecting mittens under largest cloud. Embroider stars following directions for white mittens card. Glue white lining inside card over tape.

**W**ait until you see what's in store for you in the pages of Anna, making its North American debut with this issue. For decades Anna has been

Europe's keeper of the flame for the techniques of cross-stitch, embroidery, knitting, crochet, sewing and more. Patterns for difficult-to-find techniques such as hardanger embroidery, and Battenberg lace and cutwork are updated and, in the hands of the talented Anna editorial staff, made to look contemporary and fresh. One of the most amazing discoveries we've made in preparing for this first issue is that there are plenty of American needleworkers who are craving patterns that are more challenging, more artistic and, ultimately, more satisfying than the ones that have been offered over the last decade or so. Knitters who have mastered the basics by making mountains of garter stitch scarves are already for something more. We've discovered groups of lace knitters who find the designs of the late Herbert Niebling to be an intriguing challenge. We have in our archives, cleverly engineered Niebling designs, not only in lace knitting but also in magnificent filet crochet. (The lace knit doily for our next issue is shown in the upper left photo on this page.) In addition to our printed magazine, we are developing our website where you'll find free patterns, how-to videos, a forum and gallery and other ways to enhance your Anna experience. With your paid subscription, you'll receive a password and 7 downloadable BONUS patterns per issue. Please join us as we keep traditional techniques alive with Anna's contemporary flavor.

## 7 FREE DOWNLOADABLE PATTERNS PER ISSUE with your paid subscription

Anna is the magazine for the creative and curious multi-crafter. It's well-known that learning a new language or gaining a new skill keeps the brain nimble and sharp. So, why get stuck in a rut, when you can use your talents to branch out and enjoy so much more? Anna offers projects for crafters, too. Try papercrafts, no-laundry felting, mosaic-making, decoupage, macramé, and more. If you subscribe to Anna, rather than buying each issue separately on the newsstand, you'll get up to 44% off the cover price, one BONUS issue and, with your paid subscription, an online password that will entitle you to receive seven downloadable BONUS patterns per issue.

If you enjoy knitting, you might like to know about Anna's sister magazine, Verena Knitting. On the following pages, learn more about subscribing to Anna and about our introductory rate, available for a limited time, for subscribing to both Anna and Verena Knitting.

# I, multi-crafter...

The joys of being a generalist

**A** long, long time ago, in a land of crafting far away, there were lots of people like me. We sewed, we knitted, we embroidered, did needlepoint and crocheted. We could get out a paintbrush if it was called for, collect oddments of all sorts of materials for our projects and, by and large, knew a little bit about a lot of crafts. We were the generalists, utilizing whatever skills were needed to get the job done, whatever the job was, in the most efficient and artful way possible.

Today's crafters, like doctors, seem to have become more and more specialized. Our craft identity comes from the one craft with which we most strongly identify—we are Quilters with a capital Q, stitchers writ large. If I am a knitter, I cannot be a crocheter; if I needlepoint, I must not diverge into the land of cross-stitching.

On the one hand, this trend towards specialization might have an upside. If I focus on one craft at a time, I might delve more deeply into it—appreciate its intricacies, become better at something by being more practiced at it. I will study a craft's many facets, and I will develop an appreciation for its complexities.

Or, maybe not—my short attention span might do me in if I can only do one craft at a time. Sure, I may flit from project to project, craft to craft, but I never get bored since I'm always working on something new. Stuff gets done, darn it, though maybe not in any specific order. If I had to endure project monogamy, it might take years to finish anything—wreaking havoc on my already tenuous grasp on getting gifts completed in time for the holiday for which they were intended!

I like being able to do a lot of things. I have no problem combining multiple techniques into a single project—in fact

I often prefer it—did I mention I might have a short attention span?

Bring on the embroidery on the knitted sweater or the beaded edging on the needlepoint pillow—if I don't know how to do something I can punt, based on my multiple capabilities. Some of my best crafting experiences have been when I mentally rifle through my inventory of skills and am able to use some of my rustier ones (tattooing, thread crochet, dyeing) to get just the look I was hoping for.

The only downside I can see to being multi-craftual is the accrual of stuff—if I don't get rid of some of the supplies in the underbed boxes, I'm going to have to buy more beds! Multi-crafting means multi-stashing, at least at my house. And no sale is safe territory for me—my sister the quilter is immune to temptation in a yarn store, but there is pretty much nowhere I can go and be unaffected.

There is not a single craft material in the world that I can't find a way to use.

Let's celebrate our multi-craftual habits instead of hiding them. Buck the specialist trend and embrace all the joys of being a generalist—we can do anything! And we have the craft stash to prove it! As for me, I am going to go finish up a crocheted afghan that has been languishing. If I can just move the spinning wheel without succumbing to its siren song.
